### HAZARD CLASSIFICATION

Skin irritation Category 2  
Serious eye damage Category 1  
Designed for biocidal action

**HSNO Classification:** 6.3A, 8.3A, 9.1D

**This product must not be used for any purpose, or in any manner, contrary to this label unless authorised under appropriate legislation.**

### DANGER

#### TOXICITY

Causes skin irritation and serious eye damage.

#### ECOTOXICITY

Designed for biocidal action.

#### PRECAUTIONS

This product must not be applied directly into or onto water. Avoid contamination of any water supply with product or empty container.

#### Non-selective herbicide. Beware:

**Spray drift hazard.** Apply this product carefully. Spray drift may cause serious damage to other desirable plants. Take all reasonable steps to ensure that the substance does not cause any significant adverse effects to the environment beyond the application area.

#### PERSONAL PROTECTION

Avoid contact with skin and eyes, ingestion and inhalation of spray mist. When mixing or applying this product, overalls, boots, gloves and eye protection should be worn. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and

face thoroughly before meals and after work.

#### STORAGE

Store in original container, tightly closed, in a secure, dry, cool and well-ventilated area avoiding direct sunlight and away from foodstuffs, fertilisers or seeds. Storage must be in accordance with the current version of NZ Standard for the Management of Agrichemicals (NZS 8409). Stores containing 10,000 litres or more of **AGPRO Breakdown** require signage.

#### DISPOSAL

**PRODUCT DISPOSAL:** Dispose of this product only by using according to the label directions or if this is not possible contact your supplier for advice.  
**CONTAINER DISPOSAL:** Triple rinse container and add rinsate to the spray tank. Recycle clean containers at an Agrecovery depot, or puncture and dispose of at an approved landfill. Do not burn. Do not use container for any other purpose.

#### FIRST AID

**For advice call the National Poisons Centre 0800 POISON (0800 764 766) (24 hours) or a doctor.** If medical advice is needed have product container or label to hand.

**IF SWALLOWED:** Do NOT induce vomiting. Call the Poisons Centre or a doctor if you feel unwell.

**IF IN EYES:** Get immediate medical attention. Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

**IF ON SKIN OR HAIR:** Remove contaminated clothing and flush with water. If skin irritation occurs, get medical advice/attention. Wash contaminated clothing before reuse.

**IF INHALED:** Remove to fresh air and keep at rest in a position comfortable for breathing. Call the Poisons Centre or a doctor if you feel unwell. Apply artificial respiration if not breathing.

#### EMERGENCY RESPONSE

In a transport emergency call 111, Police or Fire Brigade.

For specialist advice in a chemical emergency call 0800 CHEMCALL (0800 243 622).

#### SPILLAGE

Exclude non-essential people from the area. Wear protective clothing and prevent chemical from entering waterways. Absorb liquid spills with inert material such as attapulgate, soil, etc., and place in a sealable and labelled waste container. Wash area with water and absorb with further inert material. Dispose of safely at an approved landfill.

#### SAFETY DATA SHEET

Additional information is provided in the safety data sheet. Phone 09 273 3456 or visit [www.agpro.co.nz](http://www.agpro.co.nz) for a copy.

#### GENERAL INSTRUCTIONS

**AGPRO Breakdown** is a non-selective and non-residual herbicide that controls a wide range of annual and some perennial weeds in industrial/wasteland areas. **AGPRO Breakdown** works only on direct contact with foliage, causing rapid wilting of the leaves. The effect will be noticed within hours. **AGPRO Breakdown** is most effective on actively growing weeds and when applied in hot, sunny conditions. Do not use on pasture or cropland areas.

#### RAINFALL

Rainfall within 3 hours following treatment may reduce effectiveness. Earlier re-treatment should be considered following heavy rain.

#### DIRECTIONS FOR USE

##### MIXING

Stir or mix well. Add the full quantity of the product to the partly filled spray tank whilst agitating. Fill tank and agitate to ensure thorough mixing and continue agitation while spraying. Agitate from the bottom if allowed to stand.

##### APPLICATION

**AGPRO Breakdown** may be applied through all conventional spray equipment including gun spraying and knapsack spraying. Use 70mL of **AGPRO Breakdown** per 1 litre of water and spray to saturate the weeds. On harder to kill weeds increase the rate to 100 mL **AGPRO Breakdown** per 1 litre of water. A second application after 3-4 days will assist control. Repeated treatments on undisturbed soil will reduce weed emergence.

##### CLEANING AND DECONTAMINATION

After using spray equipment, flush all equipment and lines with clean water.

##### CONDITIONS OF SALE

As the use of this product is beyond the control of AGPRO NZ Ltd, no warranty expressed or implied, beyond that covered under the Fair Trading Act is given by AGPRO NZ Ltd regarding its suitability, fitness, or efficacy for any purpose for which it is used by the user, whether in accordance with the directions or not. AGPRO NZ Ltd accepts no responsibility for any consequence whatsoever resulting from the use of this product.
